CENTRAL REGION SCHOLARSHIP COMPETITION

It is with great pleasure that this special issue of the Central Region ASPRS Newsletter is being sent to announce the 2002 Francis E. "Gene" Lortz Memorial Scholarship. The Central Region Board recently reviewed the scholarship and due to long-term financial investments, felt that the award should be raised to the amount of \$1,000. Additionally, the top 20 candidates will be given a one-year student membership in ASPRS. Please take the time to read and share this information with your colleagues. Additionally, for those members who teach or mentor students or know of any who are interested in pursuing studies in GIS, Geospatial science fields, Imaging, Remote Sensing, Photogrammetry or related subjects, please encourage them to apply. Plans are to notify the winner in time for the winter semester of 2002. So take a few minutes to think who might benefit from this opportunity and share the application or point them to the website where they can download the application and requirements: <http://www.rollanet.org/~asprs/scholars.html>

Francis E. "Gene" Lortz Memorial Scholarship

The Central Region of the American Society for Photogrammetry and Remote Sensing (ASPRS) is inviting students to apply for the Francis E. "Gene" Lortz Memorial Scholarship. The scholarship this year will be in the amount of \$1,000. All post-graduate, graduate, and undergraduate students within the Central Region who meet the general eligibility requirements listed below are encouraged to complete the enclosed application and return it with the required supportive documentation to:

Shelley Silch
Vice-President
Central Region ASPRS MS 508
1400 Independence Road
Rolla, MO 65401

The top 20 applicants will receive a free 2002 ASPRS student membership. All current ASPRS members should include their ASPRS membership number on their application. The ASPRS scholarship committee will submit renewal and new membership applications.

ELIGIBILITY REQUIREMENTS

- **The applicant is a full-time student at an accredited college or university (as defined by that college or university).**
- **The applicant has an overall cumulative grade point average of 2.8 or better (on a 4.0 scale).**
- **The applicant has completed at least 30 semester hours or equivalent of college.**
- **The applicant is pursuing a degree in: GIS, Geospatial Information Science, Mapping Sciences, Geomatics, Imaging, Remote Sensing, Photogrammetry or related subjects.**

All application materials must be received at the above address by December 1, 2001, in order to be considered. The winner will be notified by January 2, 2002.

Application for **Francis E. “Gene” Lortz** Memorial Scholarship
Central Region, ASPRS*
